ABOUT ARKAN TOWERS

Arkan Towers is a specialized supplier of HVAC systems, refrigeration supplies, and construction materials, offering a comprehensive range of products and technical solutions designed to meet the needs of residential, commercial, and industrial projects.

We provide high-quality products from leading international brands, with a strong focus on fast supply, stock availability, and technical support to help ensure the efficient and reliable continuity of our customers' projects.

Through our branches in Riyadh, Jeddah, and Dammam, along with an efficient distribution network covering the Kingdom, we aim to be the preferred partner for contractors, maintenance companies, procurement managers, and technicians, delivering a professional purchasing experience built on quality, speed, and value.
